

# JON COOLONG

Facilities Technician  
Southwest Florida MSA  
LQ Property Management

## ABOUT JON

Jon Coolong is a seasoned Facilities Manager at LQ Property Management with over 40 years of experience in the field.

He holds a bachelor's degree in Construction Management and has a background in Triad systems, Weyerhaeuser, and Boise Cascade certification, bringing a unique perspective to his role.

Jon is responsible for ensuring the smooth operation of assets, with expertise in assessing structural issues, building maintenance, and renovations.

His proactive approach and problem-solving skills enable him to maintain a safe environment for tenants while maximizing the overall value of the assets.

Jon's extensive knowledge allows him to collaborate effectively with contractors and vendors, ensuring that projects are completed on time, within budget, and to the highest quality standards.

He values open and transparent communication, ensuring all parties are well-informed and involved in the decision-making processes.

Jon's commitment to continuous learning enables him to implement innovative solutions, enhancing the efficiency and sustainability of any given asset.

His ability to understand and address unique property needs, and its occupants, contributes to overall tenant satisfaction and long-term tenant retention.
